

To our friends and customers,

2/23/10

By now you are aware that we will be moving into a new location, just around the corner from our current location. I am proud to tell you, that our construction is nearing completion and we now have a moving date set.

We will close on Saturday, March 6 at 4pm. We will remain closed for one week while we complete the move and get set-up in our new location.

We will re-open on Tuesday, March 16 in our new home at 89 Pleasant Street, South Weymouth, MA. This is the old station #5 Fire Station in Columbian Square directly across from the South Shore Savings Bank & the South Weymouth Post Office.

Our new home will feature lots of new space, many new amenities and tons of new inventory. You can expect us to offer you the same service and attention you have received for the past 18 years. We are currently planning to keep the same business hours until we see what the new space brings. To make the transition as seamless as possible our phone, internet and email addresses will all remain the same.

Of course a big Grand Opening event will also follow the move once we get settled in the new space. You will be notified when that event will take place.

My staff and I look forward to seeing you in our new home on March 16!!!

Sincerely,  
*Mark Snyder*
