- **Zable bracelets** - the latest rage, see the full description of these below.

We have a full selection of colored gemstone jewelry, gold chains & engraveable gifts to make Mom smile this year.

### ZABLE!

What is Zable? You've heard of Pandora & Chamilia. Well now there is Zable to outdo them both. Zable is a new sterling silver bracelet with beads you use to create your own design.

Yes, it is along the same idea as Pandora, but it's a little different. Pandora is produced in Thailand and is not always the best quality. Zable is produced in Italy and it's quality is exceptional. Even better... Zable beads cost less than Pandora's & our

Zable beads will fit on your existing Pandora or Chamilia bracelet.

Come create your own masterpiece today and see what all the excitement is about.

\*\*For Mother's Day we have ready made Zable bracelets put together featuring "Mom" beads. You can buy one as is, or add even more beads.

See the full Zable line at [www.zablebeads.com](http://www.zablebeads.com).
