### Summer Cleaning

Is your jewelry looking a little dingy this summer? Most likely it's got sun tan lotion, skin cream and maybe even peanut butter stuck to it at this point of the summer.

We'd be glad to give it a free bath for you

in our ultrasonic cleaner and a fresh steam with our high pressure steam cleaner. While it's here we'll give all the gemstones a quick look to make sure everything is tight and secure as well.

Call it a mid-summer jewelry spa! Trust us, your jewelry will come out sparkling clean, and will look great against your summer tan.

No need for an appointment, just stop by during our normal business hours listed below.

### Bridal Collection

Have you considered re-setting your engagement diamond lately? Or maybe you are about to become engaged and just don't know what type of mounting you like.

Whether you are buying your first diamond mounting ever or remounting a diamond you received years ago, our bridal line has over 100 choices available. All of the rings are made with high quality diamonds that meet our strict grading requirements and can be ordered in white gold, yellow gold, or platinum. Most of the designs

can be adjusted to fit any size or shape diamond with ease.

Feel free any time to shop our bridal rings and find out how we can make your diamond brand new again!
